## EQUITY SPOUTER

Sold His Tobacco to the Trust Farmers Want An Explanation

*Augusta Chronicle.*

Hon. W. A. Byron is the man that sold his tobacco. This crop was grown by John Boone. There were 3,900 pounds. Sold at 10 cents. The crop was delivered at Brooksville July 13th and Mr. Byron's part was something like \$97.

The latter is now making Equity speeches in Lincoln county, and if he will take a day off The Chronicle will be glad to publish anything he has to say in defense of selling his crop outside of the Equity.

But The Chronicle does not believe that the members of the American Society of Equity will accept as an excuse "that it was only a small crop anyway," or Bill Nye's reason—"I needed the money."

## "A FEW WORDS ABOUT OUR MEN'S and BOYS' SHOES."

When several years since we added Shoes to our business we posted ourselves as to what manufacturers made the best. We did not look for bargains; we wanted Shoes that we could warrant to give satisfaction or "money back." In the beginning of our shoe business we catered more to the dress shoe trade than any other. We soon learned that our country friends want every-day or working Shoes that are in the same class as our fine Shoes as to wear and comfort. We have just received our Barker-Brown line of Working Shoes. Every pair warranted to give satisfaction. We stand behind you; Barker-Brown stand behind us. If you want that kind of Shoes, come in and let us show them to you.

## OUR SECOND GREAT SEMI-ANNUAL CLEARANCE SALE

Begins Monday, August 12th,

And continues until every job in our house is sold. Last summer we contracted for extra advertising space in order to draw your attention to our sale; advertised a great and sweeping clean-up sale; stuck to the letter to what we advertised, and as a result had the most satisfactory Buggy Sale ever held in Maysville carrying over one buggy only. This year we do not intend to have one rig left in our repository, and are marking the vehicles at such ridiculously low prices, and backing them up with such a strong guarantee, that you cannot help but buy if you are needing a rig of any kind. The case is this: We have the Vehicles and need the money; you have the money and need the Vehicles. Now is your opportunity.

We include in the sale all Buggies, Runabouts, Surreys, Phetons and Carts in our repository.

Don't you think it will pay you to investigate?

"CORTELYOU will be a candidate if ROOSEVELT isn't." The only way to keep that man down is to elect him Vice-President.—Portsmouth Blade.

REPUBLICANS are making great preparations for the opening of the state campaign at Maysville, and it is expected by those in charge of the arrangements that 20,000 will be in Maysville on August 19th. A. E. WILLSON will make his opening speech at that time.—Courier-Journal.

THE Macedonian cry is going up from the Beckham-Hargis-Hager-Haley organ at Frankfort, otherwise called The Kentucky Journal. From snarling, growling and back-biting at Marse HENRY, the Frankfort organ is now supplicating the great Editor and saying in the words of SHAKESPEARE: "Help me, CASSIUS, ere I sink!" What is Marse HENRY to hope for in the event Beckham-Hargis-Hager-Haley win next November? Will Mr. WATTERSON be permitted to enjoy the fruits of a supposed victory? Well, hardly. The little disreputable machinists at Frankfort will simply give Marse HENRY the horse laugh, and plenty of it. Now is the time for the people of Kentucky to draw the line on the ambitions of the Frankfort gang. Old Kentucky is sick unto death of the rank political provender upon which she has been stuffed for the past seven years. A change of diet is needed, else the undertaker will follow some mighty poor political doctoring.

THE Postoffice Department has granted five days leave of absence to Kentucky Postmasters of the first, second and third class to enable them to attend the annual convention of Postmasters in Louisville September 18th and 19th. Nothing is said about the fourth class P. M.'s. Fourth class Postmasters are merely Government mules, and are the hardest worked and poorest paid officials in the Government service today. They are permitted to do all their official work from janitor to boss and are made to pay their own rent, furnish lights, and incidentally, free chewing and smoking tobacco, reading matter and pleasant quarters for the loafers. All Postmasters above the fourth class can act the gentleman of leisure, with salary sufficient to get themselves at least one new suit a year, but the fourth-classers are considered to represent the "common peepul," and if they receive enough money to get them a "barl" of flour occasionally, they may count themselves lucky. Never fear. The worm will turn some of these days.

We are offering ridiculously low prices upon standard Pianos, in some instances as much as \$100 off! This marvelous state of affairs comes about through a number of causes, all legitimate as well as apparent. No secret about it, so listen: We do not buy our Pianos haphazard, taking whatever the manufacturer chooses to send us. We eliminate all the elements of chance. We personally go to the Fountain Head of Art, New York City, and patiently inspect numerous instruments, making difficult and minute comparisons, testing voicings, dictating a change of case design here, an adjustment in the action there, etc., etc. In consequence of which our pianos are marvels of art, their tonal qualities superb and their case designs an education in wood art.

### CONVENTION

Of Sixth Appellate District Called to Meet in This City Thursday, August 29th.

At a meeting of the Republican Committee for the Sixth Appellate District of Kentucky, held in the city of Covington on Thursday, July 25th, 1907, the following resolution was adopted:

Resolved, That a mass convention of the Republicans be held in each county of this, the Sixth Appellate Court District of Kentucky, on Saturday, August 24th, 1907, at 1:30 o'clock p. m., for the purpose of selecting delegates to a District Convention, which District Convention shall be held on Thursday, the 29th day of August, 1907, at 1 o'clock p. m., in the city of Maysville, to take such action in reference to a Republican nominee for Judge of the Court of Appeals of this District as it may deem proper."

Each county shall be given the same representation as at the last State Convention, and the County Conventions shall be held at the county seats, etc.

J. B. BENNETT, Chairman.

J. E. Wilson, Secretary.

### COUNTY CONVENTION

Pursuant to the above resolution, and for the purpose stated therein, the Republicans of Mason county are called to meet in mass convention at the Courthouse in Maysville on Saturday afternoon, August 24th, 1907, at 1:30 o'clock. W. D. COCHRAN, Chairman Republican Executive Com.

"Our little girl, one year and a half old, was taken with eczema or that was what the doctor said it was. We called on the family doctor and he gave some tablets and said she would be all right in a few days. The eczema got worse and we called in doctor No. 2. He said she was teething, as soon as the teeth were through she would be all right. But she still grew worse. Doctor No. 3 said it was eczema. By this time she was nothing but a yellow, greenish sore. Well, he said he could help her, so we let him try it about a week. One morning we discovered a little yellow pimple on one of her eyes. Of course we phoned for doctor No. 3. He came over and looked her over and said that he could not do anything more for her, that we had better take her to some eye specialist, since it was an ulcer. So we went to Oswego to doctor No. 4, and he said the eye sight was gone, but that he could help it. We thought we would try doctor No. 5. Well, that was the name, only he charged \$10 more than doctor No. 4. We were nearly discouraged. I saw one of the Cuticura advertisements in the paper and thought we would try the Cuticura Treatment, so I went and purchased a set of Cuticura Remedies, which cost me \$1, and in three days our daughter, who had been sick about eight months, showed great improvement, and in one week all sores had disappeared. Of course it could not restore the eye sight, but if we had used Cuticura in time I am confident that it would have saved the eye. We think there is no remedy so good for any skin trouble or impurity of the blood as Cuticura. Mr. and Mrs. Frank Abbott, R. F. D. No. 9, Fulton, Oswego Co., N. Y., August 17, 1906."

## BEAUTIFUL HAYSWOOD

To Be Transformed Into the Maysville Hospital.

Brief Sketch of the Noble Woman Who Made the Gift—Passing of a Famous Institution of Learning.

The gift of beautiful Hayswood to the city of Maysville for a hospital is a splendid bequest from a noble woman. This unexpected gift not only fills a long-felt need, but the specific purpose for which it is given should arouse the heart-felt admiration and enthusiasm of every human being in our city and county.

It is one of the most magnificent gifts which the city of Maysville has ever received, and the best part of it is that it comes as a "dead of gift," absolutely and without conditions or a string to it.

To Mrs. May V. Wilson, the noble woman who makes this splendid donation, THE PUBLIC LEDGER joins with thousands of our citizens in extending to her the sincerest thanks of a grateful city.

Mrs. Wilson was born and reared in that famous old center of medical education, the city of Philadelphia, and, doubtless, to this early environment she is indebted for her interest in hospital foundations. Her selection of the beautiful site at Hayswood marks the persistence of an artistic interest which comes with her blood.

Her grandfather was a brother of the celebrated artist, Rembrandt Peale.

As stated before, the deed is made to Dr. Thomas E. Pickett, J. Foster Barbour, A. M. J. Cochran and Clarence L. Lalieu, Trustees, and their successors in office.

Dr. Pickett is to be Director-in-Chief of the new hospital, which is evidence enough that the new institution will have the masterly guidance of one of the leading physicians of the country, a polished scholar and gentleman, and a mind matured by years of practice and association with the leading medical geniuses of America and abroad.

There are probably a dozen rooms in Hayswood counting the Western addition which was occupied by the Hayswood Institute.

The grounds are the finest part of Hayswood and comprise more than two acres of well-kept terraced lawn, the long flights of steps leading up to the residence being through an avenue of shade trees.

The buildings and grounds are most beauti-

fully and commanding situated on the Southwest corner of Market and Fourth streets and the buildings are probably 100 feet above the Esplanade; thus located, the situation is ideal for a hospital, having pure air, beautiful grassy lawns and forest shade. The drainage can be made perfect, a very essential thing in all hospitals.

The main building is an old fashioned, low, solidly built colonial home and was erected about 65 years ago by Dr. Joseph Taylor, a prominent practitioner of his time. The old doctor little thought that he was then planning for what was to be the future hospital for his city.

There are probably a dozen rooms in Hayswood counting the Western addition which was occupied by the Hayswood Institute.

The grounds are the finest part of Hayswood and comprise more than two acres of well-kept terraced lawn, the long flights of steps leading up to the residence being through an avenue of shade trees.

## REPUBLICANS TURNING TO MAYSVILLE

Wilson Will Fire the Opening Gun Against the Tottering Democratic Machine.

20,000 People Will Attend the Demonstration—Extravagance of Old Regime to Be Scored.

The Insincerity of Office-Holders Will Be Exposed in Unmistakable Fashion.

Louisville Herald.

The eyes of Kentucky Republicans are now directed toward Maysville, where the state campaign will be opened formally on August 19th. The Republicans of that city are planning a big rally, and enthusiasm is said to be rampant over the reception which will be tendered on that date to Augustus E. Wilson, nominee for Governor, and the other candidates on the ticket. The Republican campaign managers express satisfaction at the turnout, and declare that every indication points to victory at the polls in November.

The Mason County Committee has been busy for weeks perfecting the plans and making the final arrangements to entertain the crowd that will attend the opening of the campaign.

Letters have been received from the leaders all over the Ninth Congressional District, telling the committee to "prepare for a large delegation from each county, and it is now estimated that at least 20,000 people will be in Maysville August 19th."

The speaking will be in the Opera-house, which is already being decorated and placed in first-class condition for the occasion. There will be present, besides those of state prominence, several speakers of national fame, and there will be no lack of enthusiasm. Mr. Wilson and the other nominees will be entertained by W. H. Cox, candidate for Lieutenant Governor.

INSINCERITY IN MOVEMENT.

The insincerity of Governor Beckham and State Auditor Hager in the reform movement in Kentucky will be the keynote of the campaign. It is the purpose of the campaign managers and the various speakers to show the construction of the State Democratic ma-

chine by Beckham and Hager, and how these form the integral parts or central cogs of the political engine. An attempt will be made to explain to the voters of the state how Governor Beckham has had his Legislature create new offices to be filled later by his henchmen.

It will also be pointed out that the Governor has turned down the "old guard" Democrats in every instance when they refused subservience to him.

The extravagance of the seven years of the Beckham regime, during which time it is claimed that millions of useless expenditures of state money were made, will be held up to the voters by the campaign managers, as well as the graft in connection with the new State Capitol, which some of the speakers are said to have in figures and calculated to a nicety.

Attention of the voters will also be called to graft in public binding and printing contracts, and to the special attorney fee system, in which it is alleged by the campaign managers that Governor Beckham has appointed his henchmen to act in cases where the Attorney General and his assistant should have acted. They have declared that they will prove by figures where enough money has been spent by the state for special attorney fees under the Beckham regime to establish a Department of Justice at Frankfort, with an Attorney General, a score of assistants and a full corps of clerks and stenographers.

MR. WILSON'S SPEECH.

Mr. Wilson has prepared a stirring speech to be delivered at Maysville. In it, it is said, he will point out the inconsistencies of the Democratic machine and its head, Governor Beckham. Following the speech at Maysville, the nominee for Governor will make a whirlwind campaign of the state, speaking in many cities and towns.

He will be accompanied on his speech-making tour part of the time by Dr. Ben L. Bruner, nominee for Secretary of State, and by Judge James Breathitt, nominee for Attorney General. Dr. Bruner, who is one of the best known campaign orators in Kentucky, will speak frequently during the contest. He is enthusiastic over the Republican outlook in the state this fall, and is preparing some "hot shot" to introduce to the voters in the rural districts.

In speaking yesterday of the coming campaign, Dr. Bruner said: "We intend to show the voters that both Beckham and Hager are practicing the 'Bingham-Davies' act, that is, they are playing both ends against the middle to the transaction while the poor dopes are carrying out the orders of his superior."

"In my humble judgment the man who accepts stolen goods is a meaner man than he who steals because he is the sharper who lends the brains to the transaction while the poor dopes are carrying out the orders of his superior."

This is a trying time of the year. Many discomforts arise from the heat. The best way to be comfortable is by bathing often, at least twice daily, and by using a liberal quantity of talcum powder. By bathing often one keeps the skin clean and the pores open, thereby allowing the entire body to "breathe freely," which means perfect health.

The best soap to use for the bath and toilet is Picard's Complexion Soap, a non-injurious, healthful soap.

Talcum powder keeps the skin cool, allays heat rash, stops chafing and is an excellent toilet requisite. We have a number of kinds.

The Government snagboat under construction at the Sweeney shipyards, in Jeffersonville, is being rapidly robed to completion. The engines will be put into her within a month, and she will probably proceed to her station at Dallas, Tex., on the Red River, in October.

Captain Lee Howell, of Evansville, president of the Green River Packet Company, will proceed at once in the carrying out of the details of his plan to establish a Negro roundabout colony on Green river, a short distance from Evansville. The plan is heartily endorsed by those all along the river. Captain Howell will first form a small colony as a trial, furnishing the Negroes good homes for themselves and families, and if the trial proves successful the village will be enlarged rapidly. It is predicted that the colony, if it is a success, will prove to be a great benefit to the packets on the Mississippi, Ohio and tributary rivers.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

## WHY?

That little word and the interrogation point may mean little or it may mean much. When applied to roofing it means a good deal. The manufacturers of and dealers in nearly all "Composition" "Felt" and "Asphalt" roofing are offering a 50% discount on all inferior qualities and then ask you \$1 to \$2 per square more than for single-ply. When you examine roofing ask the weight. That's the test. Our Climax Asphalt weighs 60 pounds per square and is sold as low as the 35 and 40-pound kind. Investigate this before purchasing.

Secretary Taft's Columbus speech next Monday will be regarded as practically an utterance of the President. Before leaving Oyster Bay Mr. Taft went over his speech with the President, Secretary Root and Postmaster General Meyer, and it is thought that an agreement was reached by which the Secretary was to speak for the administration at Columbus. It is expected that Secretary Taft will not only discuss the tariff and the Brownsville riot, but will also answer some criticisms that have been made of the administration's anti-trust policies.

### "HOME RUN HAGGERTY"

Left at the Post By the Rattling Work of Vanceburg Team

Portsmouth Blade.

A regular Home Run Haggerty stunt became a reality in a ball game played at Gies Springs on Monday between Portsmouth and Vanceburg teams.

With the bases full and the score 9 to 0 against them the Kentuckian made a desperate effort to win.

One of the leading singers landed on one of Bob Lewis' teasers and sent the ball clear into left field. It lodged between the branches of "an old apple tree" and of course four runs came in.

The outfielder had to climb the tree and shake it before the ball fell to the ground. It was a most unique home run and threw the big crowd of Vanceburg rooters into paroxysms of joy.

Before the side was retired the Kentuckians tied up the game, which went to twelve innings and was called a draw each club having scored 14 runs.

There were 830 visitors at the Public Library last month and 1,270 books were taken out.

### IMPROVING THE OHIO

To a Nine-Foot Stage From Pittsburgh to Cairo—Important Meeting of Engineers—Tour of Inspection

Cincinnati was an important factor in Pittsburg Monday at the review of the Ohio river conditions by the Board of the United States Engineers. At the conclusion of the conference the impression was that the Board will recommend to Secretary of War Taft that the stage of the Ohio river be increased to nine feet from Pittsburg to Cairo. The engineers and the delegations of citizens from the waterway areas are en route to Cairo to inspect the river. Speeches and memorials for Cincinnati were made by Congressman Goebel, Will L. Finch of the Industrial Bureau, and J. F. Ellison for the Ohio River Improvement Association. Other points on the river sent representatives also.

Mayor Gethrie of Pittsburg said that with the river at a navigable stage: "We shall not be compelled to ship our freight to New York and thence to the markets of the world."

Colonel John L. Vaux of Cincinnati presented a memorial for every town and hamlet on the river, asking for the improvement. He prophesied that: "With a stage of water the year around the entire valley of the Ohio will become a beehive of industry."

There were eight additions last Sunday night to the Christian Church at Mayville.

## DYSPEPSIA

"Having taken your wonderful "Cascarets" for the many cases I have entities of heartburn, flatulence, dyspepsia, I think a word of praise is due to "Cascarets" for their wonderful composition. I have tried many other brands, but without avail and I find that Cascarets relieve more in a day than all the others I have taken would in a year." James McNamee, 106 Mercer St., Jersey City, N. J.

### THE M. D.'S.

County and City Physicians Hold Interesting Meetings.

The Mason County Medical Society met at the City Hall Wednesday afternoon, with a full attendance.

After the reading and adoption of the minutes, Dr. W. S. Yazell, City Health Officer, was asked for a statement concerning the new sewer in the Sixth Ward. In his remarks Dr. Yazell said that the chief purpose of the new sewer was draining the surface, and that closets would not be connected with it. It was his opinion that the water would be very much contaminated by the sewer emptying so short a distance above the intake of the Pumping Station.

In the free discussion which followed it was shown that the chief source of water contamination is from surface drainage, and it was agreed by all that a sewer emptying so short a distance above the city's water supply renders the water very undesirable for use and increases the dangers of typhoid fever and other infectious diseases.

The Academy of Medicine met last evening, Dr. Harover presiding.

Members present: Drs. Adamsen, Reed, Pickett, Browning, Samuel, Yazell, Taylor, Cooper, Harover, and Dr. Quigley visiting.

Lectures by Drs. Reed and Harover.

Next meeting at noon hour, Thursday, 15th. Lecturers, Drs. Lamme, Ademson and Taylor.

Captain Ellisor said: "There is danger to shippers in present conditions of the stream."

Francis L. Robbins, President of the Monongahela River Consolidated Coal and Coke Company, said that his company has \$10,000,000 invested in the business. The Ohio river is the natural artery for the part of his trade which goes South, still he is compelled to use the railroads. George W. Theiss, Vice-President of the same company, said that the loss on coal shipments to New Orleans by river averages 15 cents a ton a year.

Samuel Arnold, aged 100 years, is dead at Ewing.

The members of Friendship Rehearsal Lodge are requested to meet at Mrs. Thomas Luman's Monday evening at 7:30 o'clock.
